

[Docket No. RP95-416-000]**Panhandle Eastern Pipe Line Company; Notice of Proposed Changes in FERC Gas Tariff**

August 15, 1995.

Take notice that on August 9, 1995, Panhandle Eastern Pipe Line Company (Panhandle) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, the tariff sheets listed on Appendix A to the filing. The proposed effective date of these tariff sheets is September 8, 1995.

Panhandle states that the purpose of this filing is to implement Rate Schedule FFT for a Flexible Firm Transportation service on Panhandle's system. Rate Schedule FFT is designed to respond to the needs of what may well be overlapping segments of Panhandle's market: (i) those shippers that desire to bear the risk that the difficult task of assembling an inventory of supplies to satisfy resale needs during periods of peak demand can be accomplished by limiting the firm transportation component of those requirements to only a portion of a year; (ii) those shippers for whom the increased use of hedging and other sophisticated purchase strategies calls for the availability of the limited term service contemplated by Rate Schedule FFT and (iii) other emergent needs for interim service on the Panhandle system. Although this service is designed for the needs of these specific markets, it is available to all shippers.

Panhandle further states that Rate Schedule FFT is intended to enhance the transportation services available to shippers. While service will be offered on an open access basis, each agreed upon service level will be subject to a specific agreement between the shipper and Panhandle under Rate Schedule FFT. The availability of service under Rate Schedule FFT necessarily will be subject to the operational limitations respecting the capacity on the Panhandle system.

Panhandle states that copies of this filing have been served on all current shippers and applicable state regulatory agencies.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before August 22, 1995. Protests will be considered by the Commission in

determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP95-368-001]**Tennessee Gas Pipeline Company; Notice of Tariff Filing**

August 15, 1995.

Take notice that on August 11, 1995, Tennessee Gas Pipeline Company (Tennessee) tendered for filing to become part of its FERC Gas Tariff, Fifth Revised Volume No. 1, Fourth Revised Sheet No. 25 and Sub Fifth Revised Sheet No. 21A to comply with the Commission's July 27, 1995 order in this proceeding. That order accepted and suspended Tennessee's tariff sheets to recover gas supply realignment (GSR) costs subject to refund and conditions.

Further, Tennessee submitted the following tariff sheets to show the application of the GSR unit cost component to authorized overrun transportation (AOT) service:

Third Revised Sheet No. 161
Third Revised Sheet No. 167
Second Revised Sheet No. 173

Tennessee states that it is submitting these sheets only as a protective measure in the event the Commission does not grant rehearing on this issue.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests should be filed on or before August 22, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.

[Docket No. TM95-14-29-000]**Notice of Proposed Changes in FERC Gas Tariff**

August 15, 1995.

Take notice that on August 10, 1995, Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, First Revised Twenty First Revised Sixth Revised Sheet No. 28, to become effective August 1, 1995.

Transco states that the purpose of the instant filing is to track a rate change attributable to storage service purchased from Texas Eastern Transmission Corporation (TETCO) under TETCO's Rate Schedule X-28, the costs of which are included in the rates and charges payable Transco's Rate Schedule S-2. This tracking filing is being made pursuant to Section 26 of the General Terms and Conditions of Transco's Volume No. 1 Tariff.

Transco states that included in Appendix A attached to the filing is an explanation of the rate change, and details regarding the computation of the revise Rate Schedule S-2 rates.

Transco states that copies of the filing are being mailed to each of its S-2 customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, DC 20426, in accordance with §§ 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before August 22, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

[Docket No. RP95-271-001]**Transwestern Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff**

August 15, 1995.

Take notice that on August 11, 1995, Transwestern Pipeline Company

(Transwestern) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the tariff sheets listed on the filing, with a proposed effective of September 1, 1995:

On May 2, 1995, Transwestern filed a Stipulation and Agreement (Settlement) in order to resolve a number of issues, including the allocation of approximately \$51.3 million of costs associated with Southern California Gas Company's (SoCalGas) imminent relinquishment of capacity to Transwestern. On July 27, 1995, the Commission approved the proposed Settlement ("July 27th Order").

Transwestern states that the purpose of this filing is to submit tariff sheets in compliance with the Settlement and the Commission's July 27th Order.

Transwestern further states that the tariff sheet being submitted in this filing conform to the Pro Forma tariff sheets submitted with the Settlement with the following exceptions:

(1) 8th Revised Sheet No. 2—This sheet is being submitted to reflect the cancellation of an exchange agreement between Transwestern and El Paso Natural Gas Company. This cancellation is necessitated by Transwestern's abandonment, in Docket No. CP95-70, of certain facilities by sale to its wholly-owned subsidiary, Transwestern Gathering Company (TGC). The abandonment of the exchange agreement was approved as part of the Settlement in the July 27th Order.

(2) 5th Revised Sheet No. 2A—This sheet is being submitted to reflect the cancellation of an exchange agreement between Transwestern and ANR Pipeline Company. This cancellation is necessitated by Transwestern's abandonment, in Docket No. CP95-70, of certain facilities by sale to its wholly-owned subsidiary, Transwestern Gathering Company (TGC). The abandonment of the exchange agreement was approved as part of the Settlement in the July 27th Order.

(3) 112th Revised Sheet No. 5; 17th Revised Sheet No. 5A; 12th Revised Sheet No. 5A.01; 9th Revised Sheet No. 5A.02; and 9th Revised Sheet No. 5A.03—The Pro Forma sheets submitted with the Settlement reflected information concerning a TCR II Reservation Surcharge that would be added to the reservation charges shown on these sheets. The July 27th Order authorizes Transwestern to recover all eligible TCR II costs not previously filed for recovery which are incurred through December 31, 1998, to be filed no later than ninety days thereafter, not to exceed a total of \$35 million. Transwestern has not yet filed for the recovery of any TCR II costs. When this

filing is made the above-noted sheets will be revised to reflect the information concerning TCR II shown on the Pro Forma sheets. Likewise, Transwestern will file an Original Sheet No. 5B.01 to reflect information concerning TCR II shown on Pro Forma Sheet No. 5B.01.

(4) 3rd Revised Sheet No. 94—This sheet is being revised to reflect the Commission's requirement, in the July 27th Order, that Transwestern include language in its tariff standards to guard against the risk of affiliate abuse or undue preference in the provision of jurisdictional service.

Transwestern states that copies of the filing were served on its gas utility customers, interested state commissions, and all parties to this proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure. All such protests should be filed on or before August 22, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Office of Energy Research

Withdrawal of Notice of Intent to Prepare Environmental Impact Statement for the Advanced Neutron Source Project

AGENCY: Department of Energy.

ACTION: Notice.

SUMMARY: The Department of Energy withdraws its Notice of Intent to prepare an Environmental Impact Statement for the Advanced Neutron Source project. Funds were not included in the Administration's budget request for fiscal year 1996; therefore the Department of Energy is terminating the National Environmental Policy Act process for this project.

FOR FURTHER INFORMATION CONTACT: Dr. William T. Oosterhuis, Program Manager, Division of Materials Sciences, Office of Basic Energy Sciences, 19901 Germantown Road, Germantown, Maryland 20874-1290, 301/903-3426.

SUPPLEMENTARY INFORMATION: The Advanced Neutron Source was a proposed research facility consisting of a 300-megawatt-thermal nuclear reactor with support facilities, associated experimental areas and laboratories, and offices for operations and research staff. The preferred site for the Advanced Neutron Source was to be the Oak Ridge National Laboratory, Oak Ridge, Tennessee. Alternate sites considered were the Los Alamos National Laboratory, Los Alamos, New Mexico, and the Idaho National Engineering Laboratory, Idaho Falls, Idaho.

On May 28, 1993, the Department of Energy announced in the **Federal Register** (58 FR 31019) its intent to prepare an Environmental Impact Statement for the Advanced Neutron Source project. After a public scoping process which included meetings in Oak Ridge, Tennessee; Idaho Falls, Idaho; and Los Alamos, New Mexico, the Department accepted written comments through July 15, 1993. A preliminary draft Implementation Plan utilizing input from the scoping process was prepared and circulated within the Department of Energy for review. The draft Implementation Plan was never released for public dissemination because of uncertainty about continuation of the Advanced Neutron Source project.

This withdrawal notice advises the public of the Department's termination of the National Environmental Policy Act process.

Martha A. Krebs,

Director, Office of Energy Research.

AGENCY: Office of Energy Research, Department of Energy (DOE).

ACTION: Notice inviting grant applications.

SUMMARY: The Office of Health and Environmental Research (OHER) of the Office of Energy Research (ER), U.S. Department of Energy (DOE), supports a comprehensive research program in the area of medical applications. This program includes development of advanced therapy modalities such as boron neutron capture therapy (BNCT), charged particle therapy (CPT), and internal emitter therapy (IET). Other areas of research supported by medical applications are advanced imaging modalities for diagnosis of human diseases, molecular nuclear medicine,
